- (c) In addition, boats and equipment must be available for inspection as contemplated by CR 4.3.
- (d) Boats shall have a weight certificate complying with CR 7.3.1. available during inspection and shall be onboard while racing as per CR 7.3.1.
- (e) Any owner/charterer who wants to enter the regatta but does not have a weight certificate for that vessel shall contact his or her local fleet measurer to obtain a weight certificate.

9.2 Sails:

- (a) Boats shall declare the sails they intend to use for the regatta online by 1800 hours on Sunday September 25. These sails shall be made available for the technical committee to inspect during the inspection hours.
- (b) No changes or substitution of sails are permitted except for sails that are destroyed or substantially damaged as contemplated by CR 6.8.1.

9.3 For purposes of this event, the following exceptions to the class rules have been approved by the Executive Committee of the J/105 Class Association. The following modifies class rules 6.1 and 6.8:

- (a) In addition to sails purchased pursuant to class rule 6.8 ("standard sails"), any J/105 owner taking part in this event who is based in a location other than San Francisco Bay may elect to use for this event up to three sails purchased either new or used expressly for this event and noted in the J/105 sail database as a "2022 NAC Sail." 2022 NAC Sails shall conform to the class rules in all respects except that the sail purchase limits (CR 6.8) will not apply to them if all conditions of this section are met.
- (b) A boat is "based" in a location other than San Francisco Bay for this purpose if (a) its home port is other than a port located within San Francisco Bay, (b) all of its owners are members of a fleet other than Fleet 1, and (c) 80% of the regatta days the boat sailed during the 12 months ending on the first regatta day of this event were sailed in venues other than San Francisco Bay. 2022 NAC sails shall bear a royalty tag that has been registered with the Class. It is the burden of the owner to identify these sails as "2022 NAC Sails" when declaring their sails for the regatta as required by NOR 9.2(a). If such sails are not identified as such at that time, normal Class purchase limits will apply.
- (e) A 2022 NAC sail may be used in other events in San Francisco Bay prior to the 2022 NAC that permit such sails to be used. If a 2022 NAC Sail is used in any event after the 2022 NAC, the sail will immediately count toward that boat's sail purchase limit for 2022 and 2023. It is the burden of the owner to identify the new owner of each "2022 NAC Sail" to the J/105 Chief Measurer in writing after the 2022 NAC. If a new owner is not so identified before the end of calendar year 2022, the sail will immediately count toward that boat's purchase limit for 2022 and 2023. If, as a result of the foregoing sentence, the owner has purchased sails in excess of the number of sails permitted to be purchased under CR 6.1, the excess sail or sails cannot be used in Class racing until the future year in which those sails could again be purchased in compliance with CR 6.1.
- (f) Any 2022 NAC Sail that, in the written opinion of the J/105 Chief Measurer or the Fleet 1 Measurer, is destroyed or so substantially damaged that it cannot reasonably be repaired, may be replaced with another 2022 NAC sail of the same specifications and shape.
